

Forms/Paper for printing

11/24/2025 10:30 am CST

If users are printing and mailing the forms, then users should do this from the "Print Menu" on the main "1099-X - Year" screen of the website. See below for information on the [ftwilliam.com Fulfillment Service](#). ftwilliam.com can do the printing, mailing and e-filing for users. **Note:** If users are doing the printing, users generally want to order special paper for the different copies; we recommend [Nelco Solutions](#) for paper needs.
