

3.3. Tabs

10/29/2024 1:45 pm CDT

Tabs are located on both the left and right side of every page. Clicking these tabs will take the user to one of the main screens in the software, such as the Census, Tasks or Transactions, as applicable. The options change depending on which page the user is currently in and is intended to help serve as a workflow tool as well as a navigation tool.
