Q4a: What do the E-File error icons actually mean?

12/03/2024 4:52 pm CST

The following chart can be referenced as a guide on what each E-File error icon means.

Icon	Meaning	Actions Needed
✔	Completed with errors	Received timely by the IRS, but may need to be corrected, depending on the errors received
x	Errors (Rejected)	IRS has not received the filing and a correction needs to be made as soon as possible
✔ or x	No errors provided	Allow roughly 5 business days for the errors to appear. We are consistently resubmitting to the IRS to try and get the error list. If by 5 business days no errors appear, please contact support with the batch name and batch ID in question.
