

How Do I Reset My Password?

12/04/2024 10:23 am CST

If you have logged in once before and have forgotten your password, you can reset your password by clicking the 'Forgot Password' link at the bottom of the login form.

The screenshot shows a login form with the following elements:

- Title: Enter Login Information
- Header: Please log in
- Username: [Text input field]
- Password: [Text input field]
- Save password: Save password
- Log In: [Log In button]
- Forgot password: [Forgot password](#)

You will then be prompted to enter your account info and answer the security questions you setup.

If you have not setup your security questions or have forgotten your answers, you will need to contact your plan administrator to reset your password.
